Ingredients

Queen Black Food Colour

Queen Ready to Roll Icing Rainbow
(Black)

Method - Cheesecake

Set half of the mixture aside in a bowl. Keep covered in a warm place to slow the setting.

STEP 3

Melt dark chocolate in a microwave safe bowl in 30 second increments until melted. Mix through remaining half of the cream cheese mixture until combined. Add black food colour and mix to incorporate.

STEP 4

Remove cheesecake from freezer and pour over chocolate layer. Put remaining 1/3 cup of cheesecake mixture into a piping bag and pipe 5 circles onto surface of cheesecake starting with a generous filled in circle in the middle. Using a toothpick, drag through the cheesecake, starting from the center. Refrigerate for 2-3 hours until set.

STEP 5

Using the Black pack from your Rainbow Ready to Roll Icing, knead until smooth and pliable. Make a fondant spider by rolling a smaller ball for the head, and a slightly large ball for the abdomen. Use a toothpick to add texture to the abdomen. Finish by adding eight legs to the head portion of the spider and place on top of cheesecake.
