Vanilla Bean Hot Fudge Sauce

This beautiful vanilla fudge sauce can be prepared ahead and heated before serving - it's divine over ice cream and wickedly indulgent over brownies, pancakes, waffles and cupcakes warm from the oven.

Ingredients

Vanilla Marshmallow Crème

1 tsp gelatine powder
½ + 1/3 cup (205ml) cold water
1 ½ cups (330g) aster sugar
1 cup (250ml/360g) Queen Glucose Syrup
Pinch sea salt
2 tsp Queen Madagascar Vanilla Bean Paste

Hot Fudge Sauce

200g Vanilla Marshmallow Crème
100g white cooking chocolate

Method - Vanilla Marshmallow Creme

STEP 1

Combine gelatine and ½ cup cold water in a stand mixer fitted with a whisk attachment. Set aside.

STEP 2

Combine sugar, glucose syrup, salt and 1/3 cup water in a saucepan over medium heat. Cook without stirring until syrup reaches 115C (240F). Carefully pour syrup over gelatine mixture and beat on low speed for 2 minutes. Add Vanilla bean paste, then resume beating on high speed until mixture is thick, shiny and white.

STEP 3

Transfer to jars to store refrigerated for up to one month.
