Vegan Apple Jellies

With only three ingredients, these allergy friendly vegan apple jellies are easy to prepare when you're in a hurry.

Ingredients

1 sachet Queen Jel-it-in
1 cup apple juice
1/2 medium apple, diced (skin on or off)

Method

STEP 1

In a small saucepan, mix apple juice and Jel-it-in until dissolved. Heat until boiling point is reached, boil for one minute then remove from heat.

STEP 2

Divide apple between little jelly cups and pour Jel-it-in mixture evenly between cups. Allow to cool then transfer to the refrigerator to cool fully. To serve, either eat straight from the cup or invert jelly into serving bowls.
