Ingredients

¼ tsp ground cardamom
100g butter, melted

Glaze

1 egg yolk, extra
1 tbsp milk

Eggs

4 tsp Queen Pillar Box Red Food Colour

3 hard-boiled eggs
2 cups boiling water
4 tsp white vinegar

Method - Dough & Glaze

Turn dough out onto a bench dusted with flour. Knead for 5 minutes or until dough is smooth and no longer sticks to your hands, adding more flour if necessary. Try not to add too much flour, the dough will become less sticky as it is kneaded.

STEP 3

Place dough in an oiled bowl, cover with a wet tea towel and set aside in a warm place until doubled in size, about two hours.

STEP 4

Punch down dough and divide into six small balls. Roll each into strips about 30cm long, and 2.5cm wide. Lay three strips side by side, pinching together at one end, and braid. Slightly fold each end under itself to neaten. Repeat with remaining balls of dough.

STEP 5

Place braided dough onto two baking trays lined with baking paper, cover with a lightly greased piece of cling wrap and allow to rise for 20 minutes in a warm place. While the braids are rising, preheat oven to 170°C (fan forced).

STEP 6

Beat together egg yolk and milk. Brush mixture over loaves and gently press hardboiled eggs into one of the braids. Bake both braids for 30 minutes, or until golden brown. Check after 15 minutes and cover with foil if browning too quickly. When cooked, loaves will sound hollow when tapped. Allow to cool completely on racks.

Method - Eggs

STEP 1

Once braids have cooled, remove the eggs. Fill container with 1 cup of boiling water. Mix in 2 tsp white vinegar and 2 tsp of Pillar Box Red Food Colour. Submerge eggs using a metal spoon and leave for 5 minutes until desired colour is achieved. Remove eggs with slotted spoon and place on a drying rack set over paper towel and allow to dry completely before placing back into the braids to serve.
