Raspberry & White Chocolate Pound Cake

This easy pound cake is bursting with tangy raspberries and sweet white chocolate, finished off with a generous swirl of cream cheese frosting. Better yet, we've used frozen raspberries so you can make it all year round!

Ingredients

Pound Cake

- 1 ¼ cups (185g) plain flour
- 1 ½ teaspoons baking powder
- 2/3 cup (165g) caster sugar
- 125g butter, cubed, at room temperature
- 1/3 cup (80ml) buttermilk
- 2 eggs, at room temperature
- 2 tsp Queen Vanilla Bean Paste
- 100g good-quality white chocolate, melted and cooled
- 125g frozen raspberries (see Recipe Notes)

Method - Pound Cake

STEP 1

Preheat oven to 160°C (fan-forced). Grease and line 11.5cm x 20cm loaf tin.

STEP 2

Place the plain flour, baking powder, sugar, butter, buttermilk, eggs and Vanilla Bean Paste in a large mixing bowl. Use an electric mixer to beat on low speed until combined. Increase the speed to high and beat for 3 minutes or until the mixture is well combined and very pale in colour.

STEP 3

Add cooled melted white chocolate and beat until just combined. Add frozen raspberries and use a large metal spoon or spatula to quickly fold in until just combined. Spoon mixture into prepared tin and smooth surface.

Ingredients

Raspberry Swirl Frosting

125g cream cheese, at room temperature

60g butter, at room temperature

1 tsp [Queen Vanilla Bean Paste](#)

1 cup (150g) icing sugar, sifted

40g frozen raspberries, thawed

Method - Pound Cake

Bake in preheated oven for 65 minutes or until a skewer inserted comes out clean. Leave to cool in tin for 5 minutes before turning onto a wire rack to cool completely (this will take about 2 hours).

Method - Raspberry Swirl Frosting

STEP 1

Beat cream cheese, butter and Vanilla Bean Paste with an electric mixer until pale, creamy and well combined.

STEP 2

Gradually add icing sugar, half a cup at a time, beating well after each addition until well combined. Continue to beat on medium-high speed for 5 minutes or until very light and creamy.

STEP 3

Mash thawed raspberries with a fork then pass through a sieve, pressing with a spoon to extract as much juice as possible. Discard seeds.

STEP 4

Spread frosting over cooled cake, swirling as desired. Drizzle with raspberry juice and use a teaspoon to gently swirl the juice through the frosting. Serve in slices.
