Ingredients

¼ cup (55g) caster sugar
2 tbsp (40ml) citrus juice (lemon,
orange or lime)
1 tbsp of zest

Method - Cake

With mixer on low, add half the flour mixture, followed by half the milk mixture, mixing to combine. Repeat with remaining ingredients and mix until well incorporated.

STEP 6

Turn the mixer down to low speed, slowly add the melted butter in a steady stream and beat until well incorporated. Pour mixture into prepared tin and bake for 1 hour 10 minutes or until an inserted skewer comes out clean.

Method - Syrup

STEP 1

Combine all ingredients in a medium heavy based saucepan over a low heat. Stir until sugar has dissolved before bringing up to a medium heat and boiling for 2-3 minutes or until mixture has thickened slightly. Remove from heat.

STEP 2

Straight out of the oven, poke cake all over with a skewer and pour over syrup. Allow to cool for 20 minutes before inverting onto a wire rack. Best served warm with a generous dollop of cream.
