Ingredients

1 tsp milk
Sugar pearls, to decorate

Method

Use an ice-cream scoop to spoon scoops of batter onto the baking trays making sure you leave a few centimetres between each scoop. Smooth out the tops with your finger (or use the back of a spoon) and even them out so they're the same height all over.

STEP 5

Bake for 10-12 minutes or until they're firm then transfer to a wire rack to cool.

Method - Buttercream

STEP 1

To make the filling, beat the butter until smooth, creamy and pale and then beat in the vanilla extract.

STEP 2

Gradually add the icing sugar and slowly mix until combined. Add milk a teaspoon at a time until you reach a spreadable consistency.

STEP 3

Spread half of the cakes with icing on the flat side and sandwich them together with an un-iced cake. Decorate with soft sugar pearls and dust with icing sugar.
