In the bowl of an electric mixer, beat the butter and sugars together until light and fluffy then add the eggs and beat until the mixture is thick.

STEP 3

Beat in the vanilla extract and 2 tablespoons of the maple syrup then add the flour and bicarbonate of soda and beat them through.

Ingredients

- 1 cup (150g) icing sugar
- 2 tbsp Queen Pure Maple Syrup

Method - Cake

Scrape the batter into the prepared tin and bake for 55 minutes or until a cake tester inserted in the middle comes out clean. Leave the banana bread to cool completely in the tin.

Method - Drizzle

STEP 1

When it has cooled, make the icing by mixing the sifted icing sugar together with the maple syrup and stirring in the water, a little at a time until it is thin enough to drizzle.

STEP 2

Take the cooled banana bread out of the tin and drizzle the icing over the top.
