Add egg & milk mixture to the sifted flour and stir with a metal spoon. Divide the batter in three and tint one bowl green and one red.

Method - Icing & Decorating

Prepare the butter cream icing and ice each cupcake (trim the tops to flatten them out first if they have risen a lot).

STEP 2

Prepare the red and white icing according to the instructions on the packet then roll each one out. Cut rounds the size of the tops of your cupcake and place them on top of the cakes.

STEP 3

Use a small cookie cutter to cut star shapes from the icing and attach to the opposite colour of cupcake, using a little water to help them stick then leave them to dry.
