Ingredients

1 cup desiccated coconut

Method - Icing

STEP 1

Place butter in bowl of a stand mixer and beat on medium-high speed for 6-8 minutes until pale and fluffy.

STEP 2

With mixer off, sift in icing sugar folding to combine. Return to mixer and beat until combined, approximately 2-3 minutes.

STEP 3

Remove ½ cup of buttercream and transfer to a small piping bag with a writing icing tip (a fine round tip) and add a few drops of yellow food colouring with 2 drops of green food colouring to the remaining buttercream until desired shade is reached.

STEP 4

Transfer coloured buttercream to a piping bag fitted with a large round tip.

STEP 5

Pipe a large dollop of coloured buttercream on the top of a cooled cupcake and then turn it over and press the buttercream into a plate of the desiccated coconut. Press down so the buttercream flattens and covers the top of the cupcake. When you turn it back over, the top should be flat and coated in the coconut.

STEP 6

Using the uncoloured icing, pipe curved tennis ball lines on top of the coconut. Repeat with remaining cupcakes and icing.
