Ingredients

2 tsp Queen Organic Vanilla Extract
Dollop cream, to serve

Sauce

1/2 cup caster sugar
1 tbsp cornflour
3/4 cup coconut milk
1/3 cup fresh lemon juice
1/4 cup passionfruit pulp (+ extra to serve)

Method

In a large jug combine the coconut milk, eggs, vanilla extract, 2 tbsp passionfruit pulp and melted butter and whisk well with a fork until combined. Pour the wet mixture into the dry mixture and mix, then transfer the batter to the greased Pyrex baker and level the top with a spoon.

STEP 4

To make the sauce, combine the sugar and cornflour and sprinkle evenly over the pudding mixture.

STEP 5

Combine the coconut milk, lemon juice and 1/4 cup passionfruit pulp in a microwave safe jug and microwave in short bursts until bubbles are forming at the edges (don't worry if the mixture looks like it is curdling). Remove from the microwave and gently pour the mixture over the back of a spoon on top of the cake mixture.

STEP 6

Preheat air fryer to 160°C. Carefully place pudding in the airfryer and bake for 25-30 minutes until the top has formed to a cake consistency and a skewer inserted only to the middle of the batter comes out clean (the sauce will be forming at the bottom of the dish). If the top is browning quicker than the pudding is cooking, cover the top with foil for the remainder of the cook.

STEP 7

Remove from air fryer and sit for 5-10 mins, then sprinkle the top with icing sugar and serve with dollop cream and extra passionfruit pulp.
