Ingredients

250g salted butter
2 cups (300g) sifted icing sugar
2 tsp Queen Vanilla Bean paste

Caramel Popcorn

2 ½ tbs vegetable oil
¼ cup popping corn
60g butter
1/3 cup (75g) caster sugar
1 tbsp (20ml) honey
¼ cup (30g) chopped cashews
½ tsp Queen Vanilla Bean Paste

Method - Baileys Cupcake

Divide among patty cases and bake for 25-30 minutes or until an inserted skewer comes out clean.

Method - Icing

STEP 1

Beat the butter until it is white and doubled in size (about 10 minutes), scraping down the edges of the bowl occasionally

STEP 2

Add sifted icing sugar gradually until combined, then add vanilla and whip until fluffy (about 1-2 minutes).

Method - Caramel Popcorn

STEP 1

Line a medium sized baking tray with baking paper. Heat oil in a medium size saucepan. Add a piece of popping corn and when the corn slowly spins the oil is hot enough. Add remaining popcorn.

STEP 2

Cover saucepan with a lid and allow popcorn to pop. Popcorn will be ready when you can no longer hear any pops. Transfer popped corn to a mixing bowl and add nuts.

STEP 3

In a small saucepan over medium heat, combine butter, sugar, honey and vanilla. Heat while stirring until sugar has dissolved, then bring to a boil without stirring until mixture turns golden brown. Working quickly, pour caramel over popcorn and nuts and mix to coat evenly. Spread out on the prepared baking tray and allow to cool.

Method - Decoration

STEP 1

To decorate: pipe buttercream icing on to each cupcake using a large round tip. Hold the piping bag upright and keeping it at the centre of the cupcake at all times, squeeze the piping bag until a small amount of buttercream covers the middle of the cupcakes. Be sure not to over pipe as you will need room to stick the popcorn around the icing.

STEP 2

Stick the caramel popcorn around the buttercream to cover the top of the cupcake. Drizzle with store-bought caramel sauce, if desired.
